

Fenco

SILVERLINE

Undercounter Teller Pedestals

50 Plus Years of Manufacturing
ONLY IN THE U.S.A.

FENCO'S **SILVERLINE** has been designed and engineered as an alternative to FENCO'S Gold Standard product line. FENCO has been manufacturing its Gold Standard product line for over 50 years. FENCO helped set the design and specification standard the industry has been using for the last fifty plus years and we are proud of it. We gladly continue to offer the financial institution marketplace our Gold Standard product line as FENCO'S premier construction value.

However, what was right & best 50 years ago may not be all you need in today's ever changing competitive world. Therefore, we

designed the **SILVERLINE** with a lighter gauge steel body & changed the pedestal body construction to a Cap Top/Bottom, double-wall, soft tooled folded corner, all welded design. FENCO believes in steel construction, not plastic construction, to ensure many years of service in the high usage environment our pedestals must stand up to. So, unlike some of our competitors, we stayed away from plastic construction, as we believe it is not what's in the best interest of our customer base. Finally, we were concerned about the potential product liability issues of plastic components. Hence, you will not find any plastic construction in this **SILVERLINE** pedestal design.

ACCESSORIES

Product accessories that complement FENCO'S **SILVERLINE** pedestal line are all those items produced under the Goldline Accessories. Refer to our Goldline brochure

#S-202

Pedestal Unit with 2 Adjustable Shelves behind Locking Cupboard Door; 19"W x 38-1/2"H x 19"D

#S-203

Pedestal Unit with Locking Box Drawer, 1 Adjustable Shelf behind Locking Cupboard Door; 19"W x 38-1/2"H x 19"D

#S-204

Pedestal Unit with 2 Locking Box Drawers, 1 Adjustable Shelf behind Locking Cupboard Door; 19"W x 38-1/2"H x 19"D

#S-205

Pedestal Unit with 2 Locking Box Drawers, 2 Locking Cupboard Doors; 19"W x 38-1/2"H x 19"D

#S-206

Pedestal Unit with 1 Locking Box Drawer, 2-1/4" Frame Lockers behind 1/4" Steel Plate Doors equipped with three point locking boltwork, Group 2 Spyproof Mechanical Combination Locks and Key Locking L-Handles; 19"W x 38-1/2"H x 19"D

#S-207

Pedestal Unit with 2 Locking Box Drawers, (2) 1/4" Frame Lockers behind 1/2" Steel Plate Doors equipped with three point locking boltwork, Group 2 Spyproof Mechanical Combination Locks and Key Locking L-Handles; 19"W x 38-1/2"H x 19"D

#S-210

Pedestal Unit with 1 Locking Box Drawer, 2 Legal Drawers; 19"W x 38-1/2"H x 19"D

#S-211

Pedestal Unit with 2 Key Locking Box Drawers Over 4 Legal Drawers - 37"W x 38-1/2"H x 19"D

#S-212

Pedestal Unit with 3 Box Drawers (Lock on Top Drawer Only), 1 Legal Drawer; 19"W x 38-1/2"H x 19"D

#S-213

Pedestal Unit with 6 Box Drawers Over 2 Legal Drawers (top drawers are locked) - 37"W x 38-1/2"H x 19"D

#S-214

Pedestal Unit with 5 Box Drawers (Lock on Top Drawer Only); 19"W x 38-1/2"H x 19"D

#S-215

Doublewide version of 214 with 2 locking box drawers over 8 box drawers. 37"W x 38-1/2"H x 19"D

#S-216

Pedestal Unit with 3 Box Drawers (Lock on top 2 Drawers Only), Locking Cupboard Door, 1 Adjustable Shelf; 19"W x 38-1/2"H x 19"D

#S-220

Two Locking Box Drawers Over A Full 1/8" Locker with a 1/4" Steel plate door. The locker is equipped with 3 point boltwork, a group 2 mechanical spyproof combination lock, and a keylocking L-handle. With one adjustable shelf - 19"W x 38-1/2"H x 19"D

#S-222

Pedestal Unit with 2 Locking Box Drawers, 1/4" Frame Locker behind 1/2" Steel plate door. The locker is equipped with 3 point boltwork, a group 2 mechanical spyproof combination lock, and a keylocking L-handle. With one adjustable shelf - 19"W x 38-1/2"H x 19"D

#S-225

Pedestal Unit with 3 Box Drawers (Locks on Top 2 Drawers Only), 1/4" Frame Locker behind 1/2" Steel plate door. The locker is equipped with 3 point boltwork, a group 2 mechanical spyproof combination lock, and a keylocking L-handle. With one adjustable shelf - 19"W x 38-1/2"H x 19"D

To be sure you receive the best construction value for your money, **FENCO** did not change the **SILVERLINE** to a lighter gauge steel drawer body assembly, nor did any of our cupboard doors and plated locker constructions go lighter. All interior components; drawers, doors, shelving and inserts are exactly the same as **FENCO'S** Gold Standard product line. The pedestal base itself did not change either, as it is the foundation of our pedestal tower.

The marked change is the dimensional footprint of the **SILVERLINE** versus **FENCO'S** standard Goldline. **We went from an 18"W single-width pedestal to a 19"W pedestal & from a 36"W double-wide pedestal to a 37"W. The height and depth remain the same at 38-1/2" High and 19" Deep respectively.**

FENCO'S adjustable knee space (P-50) easily accommodates the extra 1" Width on the single-wide line, allowing you to hold the industry specification of a 60"W typical station layout.

Of course the customer service attention that has helped market **FENCO** as the USA's # 1 independent undercounter teller pedestal supplier will not change. Nor will **FENCO** ever out-source manufacturing outside of these United States of America, as some of our competitors do. **FENCO** believes in American manufacturing and all the good things it has brought to this country over the last two hundred years. We also believe the more manufacturing that gets pushed out of this country will simultaneously weaken the country. **FENCO** is a "Born in the U.S.A. Company" & will stay that way.

for items such as cash trays, kneespaces, end panels, box drawer housings, card inserts & the like. Pricing on these items are found under the Goldline pricing schedule.

Fenco

SILVERLINE

FENCO TELLER COUNTERS INTEGRATING WITH THE ***SILVERLINE*** PEDESTAL LINE

As you know, **FENCO** not only produces teller undercounter teller pedestals, we design and produce teller counters, day gates, bullet resistant enclosures, back counter tops and check desks offering a Turn-key solution **FENCO'S SILVERLINE** is a fine alternative to our Goldline when designing a turnkey layout. You will not lose a step with the ***SILVERLINE*** teller pedestal line when integrating with **FENCO** counters. The aforementioned ***SILVERLINE*** pedestal dimensions (1" Wider than our Goldline) will be specified in our design and considered accordingly.
